

Single-Stream Recycling is coming to Garrett.  
Recycling made easy...and incredibly affordable

APRIL 1, 2013

Only to those who request it

\$2.75 / month

In March National Serv-All will start to deliver recycling carts to the residents of Garrett who wish to recycle, using the new single-stream method. All recyclables go in one cart!

The carts are the same as your residential trash cart except they have bright yellow lids to show they are for recycling. The carts are 95-gallons in size, just like your trash cart, and should help reduce the amount of trash you throw away each week.

Republic Services will directly bill the residents who choose to recycle. We can bill Quarterly or an Annual invoice

With single-stream recycling no sorting is required. You just put all of your recyclables in the cart. Then on recycling day wheel the cart out to the curb. A list of the Recycling Do's and Don'ts will be attached to the cart when delivered.

The service day will be every other week on **Thursdays "A"**  
Week Schedule (See attached calendar)

If you do not have a recycling cart now and want a single-stream cart to start recycling, please call us at 747-4117 or go to our web site and send us an e-mail to let us know – [www.servall.com](http://www.servall.com).
