We received a complaint about trash cans not being pulled back and just left out at curb all the time. Mayor had me check on violations and issue letters informing the violators of the ordinance and the penalty if it continues. There were 173 violations that were obvious. Actually, a lot more because the trash can is supposed to be stored behind the front door line of the house. Newer houses have garage that sticks out in front of house and store it there. Need to look at revising it.
